Blaine A. Mathison, BS, M(ASCP)

Adjunct Instructor
University of Utah School of Medicine
Research and Development Scientist, Parasitology Specialist
ARUP Laboratories

Blaine Mathison is currently a Research Scientist with the Institute of Clinical and Experimental Pathology at ARUP Laboratories in Salt Lake City, UT and an Adjunct Instructor for the Department of Pathology at the University of Utah. Mr. Mathison has been doing diagnostic parasitology for over 20 years, including assignments at the Arizona State Public Health Laboratory (Phoenix, AZ), the Phoenix Veterans Administration (Phoenix, AZ), and the Division of Parasitic Diseases and Malaria at the Centers for Disease Control and Prevention (Atlanta, GA). Mr. Mathison publishes and lectures regularly on a variety of topics related to both Parasitology and Entomology, including taxonomy, biology, diagnostics, pathology, and case reports. His specialties include unusual and zoonotic helminth infections, histopathology of parasitic infections, and arthropods of medical importance. In 2018, Mr. Mathison was the recipient of the ASM Scherago-Rubin Award, which recognizes contributions by non-doctoral-level microbiologists to the field of clinical microbiology.
